

Instructions for Contractors: CUPCCAA

Quality Bidders is an online pre-qualification service for California school districts that allows contractors to submit applications to become a pre-qualified bidder for a district's formally-bid projects or register to receive invitations to bid on informally-bid CUPCCAA projects.

CUPCCAA refers to an accounting standard, which school districts may choose to follow. If they do so, they are allowed to increase their limit for informally-bid projects to \$200,000.

CUPCCAA districts must maintain a list of registered contractors. The list is used to notify contractors of upcoming projects bid informally. You can apply for the list at any time, but the list expires December 31. Applications for the following year can be submitted beginning November 1.

Not every district participates in CUPCCAA. Check the Contact page to see which Quality Bidders districts participate.

More details on CUPCCAA can be found at: http://leginfo.legislature.ca.gov/

To get started, please review the following instructions.

Submit Apps

Manage Apps

Formal and Informal Bids

Quality Bidders offers two types of prequalification: **formally bid** projects and **informally bid** projects of \$200,000 or less.

Bid Pre-Qualification Apps

Pre-qualification applications for formally bid contracts require submission of a questionnaire, supporting documents, and financial statements.

CUPCCAA Apps

CUPCCAA* applications collect your registration information for districts that maintain a list of registered contractors for their informally bid projects.

The applications are not interchangeable.

*California Uniform Public Construction Cost Accounting Act — districts that follow these regulations may informally bid projects up to \$200,000.

^{*}Information submitted through Quality Bidders is protected with the same level of encryption used by banks for financial transactions.

Signing Up with Quality Bidders

To begin the application process:

☑ Visit <u>www.qualitybidders.com</u> and click the green **1** Sign Up button.

Request Demo

QualityBidders

- ☑ Complete all fields and click **Sign Up**.
- ☑ Go to your email account and click the Confirm my account link on the email.*
- ☑ Return to <u>www.qualitybidders.com</u> and log in.
- ☑ Proceed to Create Apps

*Trouble receiving the confirmation email?

If the confirmation email does not arrive promptly, contact your IT department or email provider. Have them put **qualitybidders@colbitech.com** on their "White List."

After they've done this, click the **Didn't receive confirmation instruction?** link at the Login screen.

Accessing Quality Bidders

Access to Quality Bidders is controlled by an email address of someone at your company. Only the owner of the email account will receive notifications and be able to edit applications.

Before creating a Quality Bidders account with a specific email, ask yourself two questions:

- 1. Do you have the legal authority to do so?
- 2. Will you (and your email) be there for several years?

Some contractors will create a special Qualification Email Address that never leaves the company.

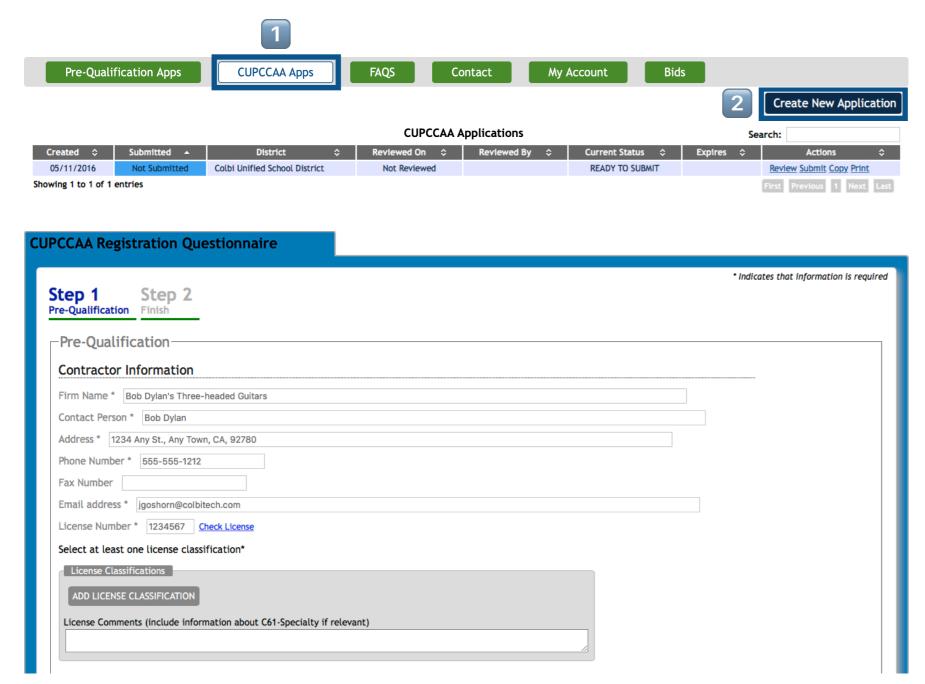

Contact Quality Bidders if you need to transfer your accounts to another email address.*

*Our primary concern is making sure the financial data you have provided Quality Bidders remains secure and confidential.

Create/Edit Application

Step 1: Pre-qualification

To start a new application, navigate to the **1 CUPCCAA Apps** tab and click **2 Create New Application.**

Step 1: Pre-Qualification:

You can save your application at any point by clicking the Save button at the bottom of the screen.

- ☑ Your contact information will autopopulate.
- ☑ Input license number and as many license classifications as needed.
- ☑ Select business certifications if applicable.
- ☑ Answer Qualification questions.
- ☑ Press next button.

The program reviews the answers to Step 1 and either proceeds to Step 2 or notifies you that you are not qualified to proceed.

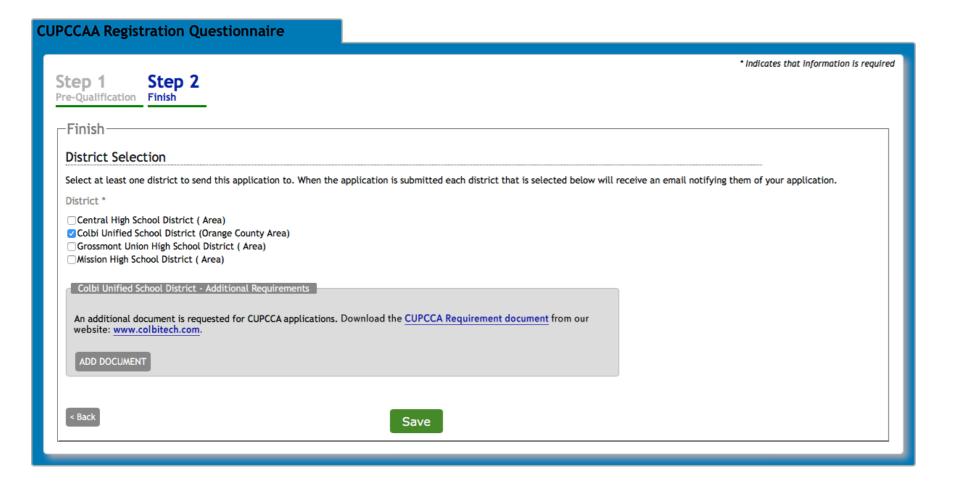

If any question is incomplete, you will not be able to proceed.

^{*}Note the BLUE border around the application. If you see a GREEN border, you are in a formally bid pre-qualification application.

Create/Edit Application

Step 2: Finish Application

In this section, select the district or districts you'd like to apply to.

Some districts have additional requirements that will be expressed in a small box below the district list (once that district is selected). They may direct you to their district website for more information.

Attach a document addressing their additional requirement. Each district with an additional requirement will require its own document.*

When completed, **Save** the application. If items are incomplete, an error message will appear.

Once incomplete items are corrected, **Save** again and return to the **CUPPCAA Apps** page.

At this point, your application is complete, **but it has not been** submitted.

Proceed to the next step to submit.

*Only that district will be able to view the document.

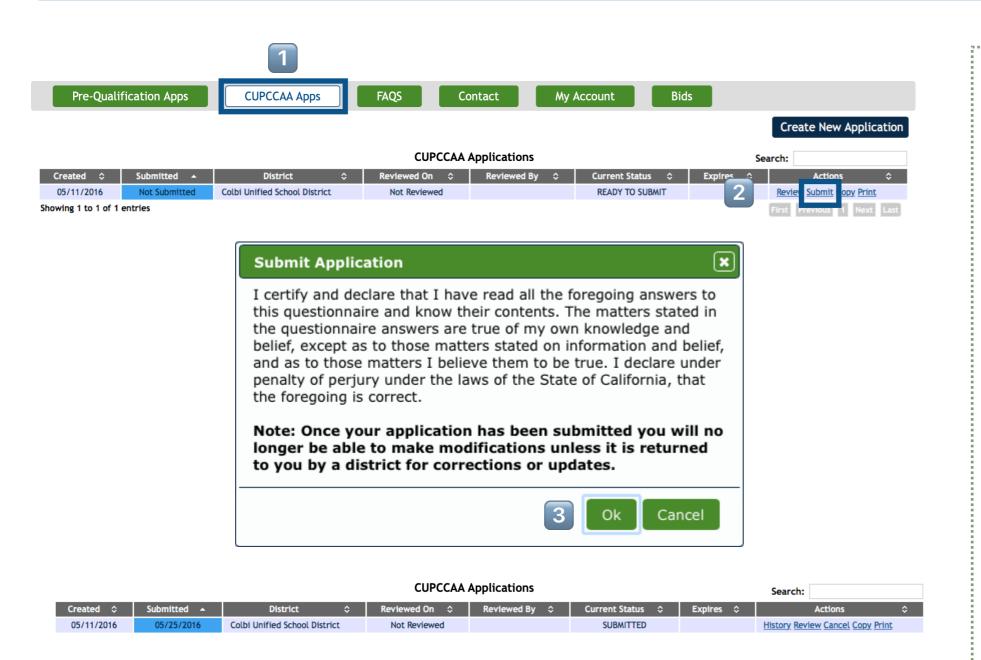

·

^{*}Note the BLUE border around the application. If you see a GREEN border, you are in a formally bid pre-qualification application.

Submit Application

A submitted application will show as **SUBMITTED** in the **Current Status** column. Until it is reviewed, it can be **Canceled**. After that, it can only be returned for editing by the district.

Submitting an Application

To submit a completed application, navigate to the 1 CUPCCAA Apps tab, find the application that is READY TO SUBMIT and click the 2 Submit link in the Action column.

A pop-up will appear, asking you to certify that the information you're submitting is true. 3 Click **Ok** to certify the application and submit it.

The district will be notified of your submission. Once they open your application, you will not be able to make changes.

Should you need to make changes, you have three options*:

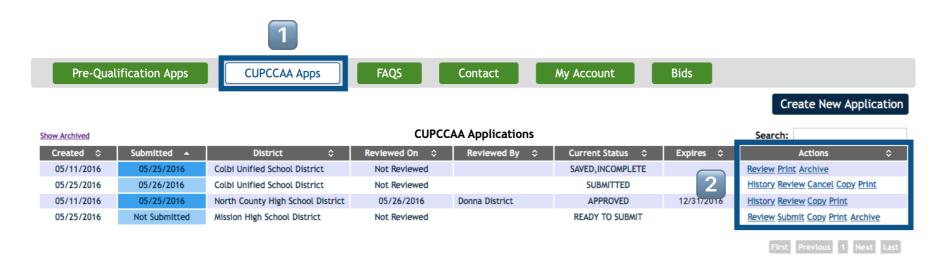

- ☑ Cancel the Application before it is reviewed.
- ☑ Contact the district and ask them to return it.
- ☑ Wait for them to return it and make changes.

*If your application is rejected, it can be appealed. Check the district appeals process for more details.

Managing Applications

The **Actions** column is where applications are managed. Click on the link to take various actions:

- ☑ History: shows the history of a submitted application.
- Review: opens the application, lets you edit it unless it has been submitted.
- ☑ Submit: submits an application (when it is ready to submit).
- ☑ Cancel: un-submits an application this is only available if the application has not been reviewed.
- ☑ Copy: creates a duplicate application that, after being updated with new information, can be submitted to a new district or to replace an expired application.
- ☑ Print: prints a copy of the application.
- Archive: hides the application from the list; useful for expired applications or duplicates. Click the **Show Archived** link on upper left to see your archived applications.

Other columns show the **District**, **Review Date/Person**, **Current Status** of an application, and **Expiration Date***. You can sort each column in alphanumeric order by clicking the up/down arrows in that column. There is also a **Search** bar.

*All CUPCCAA registrations expire on December 31st. Registration for the following year begins on November 1st.

Managing Applications

To manage your applications, navigate to the **1 CUPCCAA Apps** tab, then use the **2 Action** links.

This is the section you **Submit** an application from.

Review allows you to view a submitted application or edit an incomplete one.

You can **Copy*** an application (such as when your approved application expires, or when you want to apply to another school district).

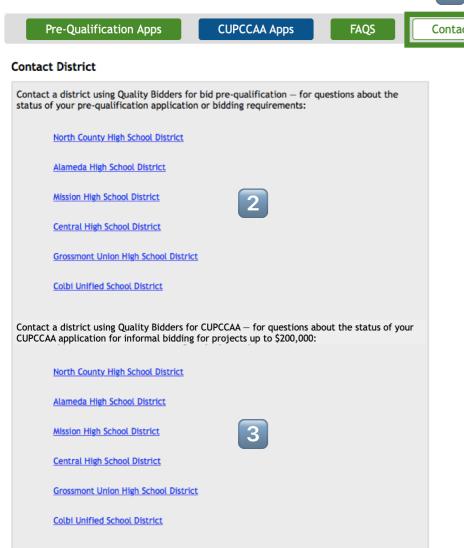

·

^{*}Copy is not available for applications imported by the district, only those submitted directly through Quality Bidders.
